This column includes a maintenance agreement discount.

The U is for universal parts meaning you have them on your truck. The O is for OEM or original manufacturer's parts meaning you have to go get the part. The end of the task # contains the allotted time a tech should take on the job for example 1.0 is a one hour job.

This column is for the first repair done and includes a service call fee.

These columns are used for additional repairs done while on the job.

You can easily add new tasks if desired.
